

VIÑA ECHEVERRIA

Active in Chilean agriculture, grape growing and winemaking since 1740, the Echeverria family established their current vineyards and winery in 1923 in the outskirts of Molina, a town in the Curico Valley. Here, they grow grapes from French pre-phyloxera rootstocks, on their 80 ha of vineyards.

Originally established to produce bulk wines, in 1990, the winery was converted to produce quality wines for export. In the following years, Echeverria was one of the few boutique wineries to emerge from Chile, and the first family winery from Chile to sell wine to Harrods in London.

Eventually, the family started purchasing grapes, to complement and build complexity to their wines. "We realized that to succeed and be different, we needed to be open," says Roberto Echeverria, the Technical Director & Chief Winemaker, whose first solo vintage appeared on the market in 2001. With sustainable practices in the vineyard, Echeverria produces a wine for most every palate, while embracing a philosophy that's based on consistency.

"The appearance of this natural wine is pale yellow and is slightly cloudy, due to its lack of processing. On the nose, strong aromas of banana, apple and pear blend with toasted brioche. In the mouth, it is full-bodied and rich, with a creamy refreshing and fruity acidity." Winemakers notes
