

# Scribe Winery

Scribe produces vibrant, terroir-driven wines in Sonoma California. The winery was founded by Andrew and Adam Mariani in 2007 on a site that was known for winemaking before Prohibition. The Mariani brothers are the fourth generation of California farmers, so they are inspired by their relationship with nature and ensure that every vineyard remains in harmony with the whole ecosystem of each site. The wines are vinified with a non-interventionist philosophy.

## About the Atlas West Cabernet Sauvignon

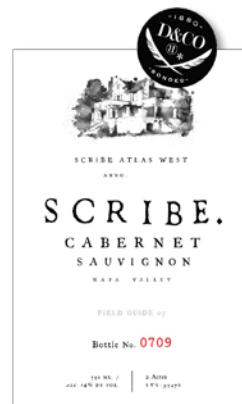

“Our Atlas West Cabernet Sauvignon was harvested between September 11<sup>th</sup> and October 6<sup>th</sup>, 2017. The fruit was fully destemmed into open-top stainless-steel fermenters where the must underwent a short cold maceration followed by a wild yeast fermentation. The wine was pressed off after 18–28 days on skins. The wine was then aged for 20 months in 60-gallon barriques of which 30% were new French oak and the remainder were all neutral French oak barrels. The wines were bottled unfiltered and unfiltered on June 17<sup>th</sup>.”

## Atlas West

# Cabernet Sauvignon

**Varietal/Blend:** Cabernet Sauvignon

**Farming Practices:** sustainable

**Vineyard:** on west-facing slope of Northern Ridge of Atlas Peak

**Soil:** Hambright and Guenoc

**Vine Training:** Guyot

**Harvest Technique:** by hand between Sept 11<sup>th</sup> and Oct 6<sup>th</sup> at 24.6 Brix

**Yeast:** ambient

**Fermentation:** fully destemmed / short cold maceration in open-top fermenters / spontaneous fermentation in stainless steel tank / pressed after 18 or 28 days

**Malolactic:** spontaneous

**Maturation:** 20 months in 60-gallon French oak barriques (30% new)

**Vegan:** yes

**Alcohol:** 14%

**Acidity:** 3.71 pH // 6.2 g/L

**RS:** 0% RS

**Fined:** no

**Filtered:** no

**Country:** United States

**Region:** California

**Subregion:** Napa Valley (Atlas Peak AVA)

“On a west-facing slope, above the fog line, on the northern ridge of the Atlas Peak AVA, we farm Cabernet Sauvignon clones 412, 4, 8, and 337C planted mostly to rootstocks 3309C and 1103P. The soils here, Hambright and Guenoc, are dominated by red volcanic material with lots of flat rock, providing exceptional drainage to the hillside vineyard.”
