

# ANAHATA

Anahata is an exclusive bottling produced by one of our partners in Washington State & from some of the only organically certified vineyards in the entire State. We are proud to offer this wine as an extreme value (for years to come) from Washington State.

Firm, focused and dense, with blackberry, cherry, sandalwood and grilled rosemary flavors, coming together seamlessly on the long, vivid finish.

Old world structure showing flavors of cassis, black cherry and cocoa with leather, tobacco and savory spice on a balanced toasty finish. A textbook example of delicious WA State Cabernet.
